

## Thank you for your interest in FASTSIGNS of Kankakee!

We appreciate your inquiry and created this packet in an effort to answer the common question, “So, what all can you do?” Many people are surprised when they visit our facility and see the wide variety of visual communication options we offer. They may have placed an order for one item with us and were surprised to discover we have the capabilities to help them with so much more.

In fact, we want to be more than just a “sign shop” for all of our customers! We want to be their long-term business partners, focused on collaborating and problem solving with them to address all their visual communication needs and creating solutions that meet their budget, timeline, and needs in a creative and effective way. We will always do our very best to provide our customers with top-notch products and services at a fair price with excellent customer service.

It is very difficult to list everything we can do because our capabilities are so diverse. However, enclosed in this folder is some information to try and paint a picture of the general scope of our work. If you have questions about specific products or services, please contact us. We would be happy to talk with you on the phone or in person. If you have never toured our facility, we would love to show you around and answer questions. If you prefer to stalk us secretly, check out our website at [www.fastsigns.com/590](http://www.fastsigns.com/590).

Let me briefly introduce you to our staff:

(Left to Right)
